

October 1, 1979

Dear Classmate,

The fiftieth reunion of our Glynn Academy Class was held August 25, 1979 and was enjoyed by all. You were missed by everyone. Forty four were in attendance. The program was taped and you are getting transcriptions of all the pertinent parts of the program since most of those that were not able to come requested this information.

Pictures of the class were made as well as pictures of classmates and their spouses. You may obtain any one of these by sending eight dollars to Caples Studio, 1614 Reynolds Street, Brunswick, Georgia, 31520

With best wishes

A handwritten signature in cursive script, appearing to read "Larry", with a large, decorative flourish extending from the bottom of the signature.

Alma Mater

'Mong the lordly oaks of Brunswick,
Glorious to our view,
Stands our own beloved high school
Basking 'neath the blue.

Through the years, our loving children
We will always be---
Always to thy halls returning,
Glynn Academy.

CHORUS

Glynn Academy we'll honor;
May we never fail!
For thy fame shall never perish
Red and white, all hail!

Judge Wesley Jernigan was asked to give the invocation.

Our Heavenly Father, we thank You and praise Your Holy Name for watching over us these fifty years and for allowing us to come together again to reminisce and to relive some of the precious moments in our lives. Oh God, give us a keen awareness of Your hand in all the things that have happened to us and let us be aware of Your Presence here tonight. Oh God, we ask Your blessing on each one who is here, we ask You to bless this food and bless this fellowship. In Jesus' name. Amen.

I have the pleasure of introducing a class member to say few words of welcome. She has been selected because when she introduces somebody they know they have been introduced and when she says a word of welcome, I know you will feel welcome. Marie Evans Joines.

Thank you Larry. After all these hugs and embraces this may sound a bit stilted but I'll say it anyway. It has been wonderful to be here. A cordial welcome to each and every one of you here tonight attending the 50th anniversary of Glynn Academy's 1929 Graduation Class. Many of you have travelled long distances to be with us, to share this celebration. We welcome you with outstretched arms and thank you for coming. Our Class of 1929 was unique in many ways. It was the last of the eleven grades and was the largest class ever to be graduated from Glynn Academy, 67 members. A question arose as to how the twelve grade program would be initiated. The solution was a simple one. Members of our seventh grade class who would have been conditionally promoted or required to repeat the seventh grade, became the new eighth grade which was the beginning of our present twelve year school system.

We consider this significant. At this time I would like to take the opportunity to express on behalf of all of us deep appreciation, with thanks to Larry Sweat and his wife Ada, for their untiring efforts to produce this celebration, which was accomplished in just thirty days. Had it not been for his tireless efforts, augmented by the talents of his charming wife, this reunion would not have been possible. Just for a moment let us reflect on another side of the Class of '29. In our efforts to locate the 67 member class for this occasion, we learned of the death of former classmates: George Ashmore, Regina Campbell, Jessie Deaver, Dan Eadie, Mary Furlong, Monroe Gay, Marion Harwell, William Konetzko, Sadie Lunceford, Alex Owens, Harry Owens, Elizabeth Price, Lee Robinson, Ed Towles, Madelle Thompson, Corinne Way, Anne Weinstein and Tommy Woods. That was a total of eighteen that have gone, which I think many of us didn't realize.

And also, we would like to know the whereabouts of three members that we were unable to locate; and that's Wesley Aldrich, Allene Fabian and Bessie Stevenson.

In conclusion, I will again say thank you, with open arms and all the warmth that is possible, for coming to be with us tonight. And lets keep in touch. Thank you.

(Larry-Thank you Marie. Pete I hope you taped that part about me. I want to save that). Pete-Believe me, I have.

I have the pleasure of introducing our special guests-well- all of our guests are special, but some of our special guests I would like to introduce at this time and all of you will get a chance after this to introduce your spouses. Our principal is with us tonight. C. K. Curry and his beautiful wife, Mary Curry, if they will stand-please. We had some very nice looking Home Ec teachers and one of the best looking that we had was Gertrude Hammontree Nowell, if you will stand. Now if you will introduce your spouse, I will start here and we will go around until we get back around. Introduction of all guests at this time.

We owe some special recognition to the people that made this happen. We had a committee that functioned so well that they met one time and became so well organized that from that time on, everything moved so fast until I couldn't keep up with it, but anyway, the members of the committee were: Theo Hotch, Marie Evans Joines, Wesley Jernigan, Harriet Peters, Eustace Shelfer, Lavonia Newman Torkildsen and Sally Slaughter Price, who incidentally is the one that was playing this beautiful music for us and she will also play the Alma Mater in a few minutes. Special recognition goes to Mr. and Mrs. Janko. You will remember Mrs. Janko as Adele Vining. She insisted that I get on the ball and get corsages and table flowers and she and her husband furnished your corsages and the beautiful centerpiece that we have here. (Applause)

I believe that brings me down to the point in the program that says Roll Call and I will ask a member of the faculty, Gertrude Nowell, if she will start the roll call and as she calls on a class member, that member will get up and give us a resume of what has happened in the last fifty years. My wife says in one minute, but I can stretch that for those that have had exciting lives. It will have to be short of course- but interesting.

Gertrude, if you will start the Roll Call.

Robert Brandon, M. D.

I went to college and stayed at it until I graduated in medicine. Practiced medicine for about twenty years. In the meantime I got married. We had three children. Now we've got ten grandchildren. Thats about enough.
