Dear Friends,

The Farm at Oatland North on Saint Simons Island has been providing a safe harbor for many different animals for 12 years and has been an official non-profit for 2 years.

We have had great community support in our fund raising efforts. The generous donations went to the feeding of the 79 animals on the farm as well as veterinary care, utility bills, paddock and barn maintenance. We give back to the community through one on one work with special needs children and their parents, scouting projects, school field trips and opportunities for mission work.

The Farm's annual budget is at a minimum of \$50,000 annually to cover the cost of basic responsible care. In 2014 our fund raising efforts have provided \$14,000.

Your help is desperately needed as our funds have been depleted.

We are asking for two things: that you consider a donation to the Farm and that you let your friends know of our great need.

The Farm has a very active board and an amazing group of hard working volunteers. We are looking forward to continuing our efforts in upcoming years with your help. Please visit us at the Farm and enjoy our peaceful retirement home.

Sincerely,

Natalie Murrah
